

impact report

your support is giving kids a chance ...

Thanks to the generosity of your support, over the last 12 months Perth Children's Hospital Foundation was able to provide over **\$4 million** in grants to give kids a chance to better cope with the chronic disease or injury which led them to hospital.

research

Facilitating the discovery of new and improved ways of caring for children and their families, and managing and treating illness and disease through research programs and collaboration that will benefit both our current and future generations.

expertise

Attracting, training and supporting the incredible clinicians, researchers and support staff who care for thousands of children and their families every year.

family assistance

Supporting families through the Regional Assistance Program which helps to cover accommodation costs for families who live outside the Perth metropolitan area while their child is in hospital.

medical equipment

Procuring leading edge medical equipment to complement the hospital's equipment replacement and upgrade program.

fun

Providing moments of happiness and fun for patients, their families and those who care for them through a wide range of complimentary services including Megazone (the hospital's play area) Stitches' Family BBQs, Music Therapy and Artist in Residence programs.

	research	\$ 493,937
	expertise	\$2,339,686
	family assistance	\$ 54,998
	medical equipment	\$ 1,059,746
	megazone and funding for fun	\$ 88,253*

* plus corporate sponsorships and volunteering

We were also able to commit an additional **\$25.46 million** in funding to longer term projects and initiatives at the new Perth Children's Hospital over the next five years.
